

## Let's End This Song Today

**Music: John Moran**

**Lyrics: Bernice & Florin Chitiul,  
Adina Donat,  
Mihaela Buta**

If you wanna play,  
Entertain the world;  
And it feels okay,  
If you could just  
Let me hear the sound  
Of the songs you play.

This is not the way  
Nights to hide away.  
This is just your sound,  
And the lyrics I found.  
Your song will stay  
When you are away...

*Hei, hei, hei DJ !  
Would you play, hei, hei!  
It's my day, hei, hei!  
Save my dream, my DJ!*

Stay with me  
And listen.  
Have you found  
That interesting sound?  
Close your eyes,  
Don't worry  
That you are  
In my history...

*Running around,  
Running around,  
Never confound...*

Let me sing your song,  
I dreamt it so long,  
Let me sing it

O, O, Cus you play it wrong!  
Please believe in my voice,  
Let my fantasy,  
Fill your melody...

*Let your thoughts run free  
It will be ok, wait and see...*

Make my dreams come true  
With this song of you.  
I'll sing these days...  
In my loneliness  
Humming just this phrase.

Just make us a place,  
Do not erase  
This magical space...  
It is your base.  
It's just a request,  
We'll do our best  
To keep you impressed.

Stay with me  
And listen;  
Have you found  
This interesting sound?  
Close your eyes,  
Don't worry  
That you are,  
In my history!

Hi, I came  
To see you,  
Cus I found,  
This interesting sound

*Just for you,  
Just for me!*

*No matter how long  
it takes,  
I'll sing these songs.*

This is not the way  
Nights to hide away.  
If you wanna play  
Entertain the world,  
Feel the sound all around  
Show me the way  
Cus I wanna say:  
Let's end this song today!
