

We can change the World

Music & Lyrics : Laurențiu Cazan

I've seen you in dreams of mountains
While climbing the sky.
Heard singing the voice of freedom
Got the wings to fly.

We can change the World
Living without your Love, no more.
We can change the World
Like it never, ever happened, before

I've seen you in dreams of rainbow
Wish I were a colour up there.
You said :
I'm a light I'm a fire,
Have the faith you'll join me, someday.
I'll be around you, somewhere.

We can change the World
Living without your Love, no more.
We can change the World
Like it never, ever happened, before.

We gonna change the World,
Right now .
I'm gonna have to find my way.
